

# 2019 UNM STEM Research Symposium

The UNM STEM Research Symposium is a free, annual, student led collaborative effort between UNM's Graduate Student Associations. The primary focus of this event is to give graduate students within STEM fields a platform to present their research findings to the general public. Prize money will be awarded for top placing oral and poster presentations totaling over \$3,000.

The 2019 STEM Research Symposium will take place on **March 2, 2019** at the University of New Mexico Student Union Building from 9:00 AM until 6:30 PM.

## Register Now!

Come for a full day of presentations from students across twelve different STEM disciplines, two guest speakers, and three meals! Please register by February 22<sup>nd</sup> if you would like to join us for any of the meals. UNM STEM Research Symposium is free and open to the public.

If you have any questions, please contact event coordinator, Tracy Mallette, [tracymallette@unm.edu](mailto:tracymallette@unm.edu).

This event is supported by the Chemical & Biological Engineering GSA, Nanoscience and Microsystems GSA, Geology and Environmental Sciences Club, OILS, IEEE, AIChE, and SWE.
